The site itself is available in English, German, French, Italian, and Portuguese, and the catalog includes books in all languages. There's a heavy bias towards English-language works and translations, but the same is true of all the ebook download sites we've looked at here.

### Answer For Pool Test

Test result looks purple or blue: This indicates that your pool water has a very high chlorine content. Discontinue use of chlorine until chlorine returns to normal, or use a chlorine neutralizer. Always tests too high: Repeated test results indicating that the pH in your pool water is high indicates a high total alkalinity. Add a pH decreaser to balance the total alkalinity.
