Amazon.com: Bigger than History: Why Archaeology Matters ...

Archaeology was a hobby of the wealthy and, being independently wealthy, or sponsored by wealthy patrons, many archaeologists never felt the need to explain the social value of archaeology, the importance of the past in everybody's life, and the nature of their work, constructing and deconstructing narratives about who we are and where we come from.

Why Archaeology Matters - The Nautical Archaeology Digital ...

Why Archaeology Matters The goal of archaeological research is to understand how and why human behavior has changed over time and how the human past impacts our lives today. Archaeologists seek to understand why significant cultural events occurred, such as the development of agriculture and associated sedentary villages and cities, or why civilizations emerged and/or collapsed.
