Honda Genuine Manual Transmission Fluid Equivalent

If you put a performance clutch in your Honda and you have a hydraulic clutch, be prepared to replace the clutch hydraulics often. Performance clutches have pretty stiff pressure plates and the already-weak Honda clutch hydraulics don't hold up well under the extra load. Here's a video on changing Honda manual transmission fluid.

1996-2000 Honda Civic Manual Transmission Fluid Replacement

Honda recommends the transmission fluid be changed every 37,500 miles under "severe" conditions and every 120,000 under "normal" conditions. In my 30+ years of working on vehicles and maintaining my own vehicles, I recommend a more in the middle schedule.

How often should I change my transmission fluid? honda tr...

In this video I go through the steps on how to change your manual transmission fluid on your Honda Accord.

Honda Accord 2013 + Manual Transmission Fluid Change

If you can change your oil then you're more than equipped to handle the transmission fluid. The only trick is getting the new fluid into the transmission - to do it you'll need a fluid pump to pump the fluid up and into the transmission. You can pick one up online or buy one from any local auto part store. In this guide I used Pennzoil Synchronesh based on several recommendations from various ...

Change the Transmission Fluid on a Honda S2000

looking at getting manual transmission fluid changed on my EK1 , but can not get genuine Honda fluid unless i wanna make a long trip to Honda dealer so , looking at the viscosity on genuine honda manual transmission fluid , it's 75W-80 so , i can get Penrite manual transmission oil in the same viscosity plus i'm going to use the friction modifier additive (G70 from Nulon)
