Maritime Law Enforcement Program - United States Coast Guard

The outcome of that realisation was the creation of a new maritime accident paradigm and the creation of new agencies which were independent of regulatory and of law enforcement bodies and which had full-time investigators. Their objective was to determine how safety could be improved. A good example is the UK's Maritime Investigation Branch.

Maritime Accident Casebook

Admiralty or maritime law is a body of law concerning interstate or international shipping and navigation by seafaring vessels. Maritime law enforcement encompasses both the act of upholding maritime laws, as well as the agencies charged with such duties. Each country has maritime laws and law enforcement agencies charged with upholding the admiralty laws of that country, as well as assisting ...

The second is a statement of the basic law of “ general average,” which the Digest attributes to the Rhodians. “Average” here means any loss sustained by a vessel or its cargo. When one segment of a maritime venture is sacrificed to save the others, the average is described as general, and the owners of the property saved must help make good the loss.
