Mercedes-Benz Vito (108cdi.110cdi.112cdi) (1998-2004) manual

I have a 2001 year, Mercedes Vito 112 CDI Auto transmission. It downshifts way to early, causing jerky movements, even when I am gentle with the brakes or attempt to slow myself down gradually. I hear there's a "sports" and "economy" mode, but I can't seem to locate this on my vehicle, save a "W" switch for Winter Mode.
