### **Reference Format Scientific Paper**

Scientific Style and Format presents three systems for referring to references (also known as citations) within the text of a journal article, book, or other scientific publication: 1) citation–sequence; 2) name–year; and 3) citation–name. These abbreviated references are called in-text references.

### **Scientific Style and Format Online - Citation Quick Guide**

Start the reference list citation with the name(s) of the author(s). Each author should be listed by their surname, followed by their initials. The initials should be separated from the author surname by a comma, and followed by a period. The format will vary depending on the number of authors. For example:
