An edited volume with a range of early ethnographic studies of ideologies of mothering in the context of cross-racial adoption, infertility, child loss, and the new reproductive technologies. Strathern, Marilyn. 1992. Reproducing the future: Anthropology, kinship, and the new reproductive technologies.

Socio-Cultural Approaches to the Anthropology of Reproduction

The basic problem: critique of the study of kinship. The problem with defining 'adoption' for an encyclopedia of anthropology is this: on the one hand, what anthropologists know about adoption is evidence for some of our most central tenets; particularly that kinship is produced through social, linguistic, and legal practices rather than asserted through genetic codes.

Adoption | Cambridge Encyclopedia of Anthropology
