Slow Church. My latest book (co-authored with my friend Chris Smith) is Slow Church: Cultivating Community in the Patient Way of Jesus (IVP, 2014). The book is inspired by the language and philosophy of the Slow Food movement to rethink the ways in which we share life together in our church communities. Just as Slow Food offers a pointed critique of industrialized food cultures and agricultures, Slow Church can help us unmask our industrialized approaches to church.

Slow Church: Cultivating Community in the Patient Way of Jesus, by Chris Smith and John Pattison. Slow Church is inspired by the language and philosophy of the Slow Food and other Slow movements to rethink the ways in which we share life together in our church communities. It encourages churches to examine the ways in which we've reflexively embraced a culture of unreflective speed, dehumanizing efficiency, and dis-integrating isolationism.

Summary: This book argues that the church has been "McDonald-ized" and that just as the Slow Food movement has returned to embracing food that is good, clean, and fair, so the church needs to embrace an ethic of quality, an ecology of reconciliation, and an economy of abundance.

Review: Slow Church | Bob on Books

Smith and Pattison think the church should help us do exactly that. The authors take their title from the slow food movement, which combines nostalgia for the family farm, a growing demand for organic food, and the culinary standards of a gourmand to create a hearty critique of the stomach-churning excesses of industrialized agriculture.
