CESMM3 - Designing Buildings Wiki

The Standard Method of Measurement (SMM) is published by the Royal Institution of Chartered Surveyors (RICS). It was first published in 1922, superseding a Scottish Standard Method of Measurement which was published in 1915. It is now in its seventh edition (SMM7), which was first published in 1988 and revised in 1998.

Standard Method of Measurement SMM7 - Designing Buildings

The Method of Measurement is to be cited as "Standard Method of Measurement for Civil Engineering Works, 1992 Edition (Hong Kong Government)". It is compatible with the "General Conditions of Contract for Civil Engineering Works, 1990 Edition (Hong Kong Government)" and "General Specification for Civil Engineering Works,

THE GOVERNMENT OF THE HONG KONG SPECIAL ADMINISTRATIVE ...

NRM 2 replaces the Standard Method of Measurement for BuildingWorks ('SMM'),which was first published by RICS in 1922, with the latest edition being SMM7, published in 1988. This first edition will become operative on 1 January 2013 and is post dated accordingly.

RICS new rules of measurement 2

1.2.2 Adopted Document. In general, capital works shall be measured in accordance with the "Standard Method of Measurement for Civil Engineering Works (1992 Edition)" (SMM) including Corrigenda thereof.

CHAPTER 9 MEASUREMENT PROCEDURE

Standard methods have been developed over time to ensure that all Quantity Surveyors/ Estimators are working to the same standards when pricing construction projects. These consist of guidance and a set of rules for the basis of measurement, to ensure that the same items are included (or excluded) in each rate, so that costs for that element can be accurately applied.

NRM vs SMM Rules of Measurement: What are the differences ...

The Civil Engineering Standard Method of Measurement - CESMM - has been well-established for over 35 years as the standard for the preparation of bills of quantities in civil engineering work. This much anticipated fourth edition, CESMM4, is the first major overhaul since the publication of CESMM3 in 1991.

CESMM4 | CESMM

fMeasurement for Civil Engineering Works The civil works measurement referred to a document called 'Civil Engineering Standard Method of Measurement ' (CESMM). Before this document is produced, the party who responsible for the working measurement refers to the method adopted in the United Kingdom named CESMM 2nd Edition or 3rd Edition.

Standard Methods of Measurement for Civil Engineering ...

Abstract Standard Method of Measurement (SMM) is a reference document used to determine a localized technique of construction measurement protocol needed in producing a good Bills of Quantities (BQ) which is then incorporated into the contract document for the project.

The Implication of the Standard Method of Measurement ...

The Civil Engineering Standard Method of Measurement thjrd edjffion.(CES.MM3), has been approved by the sponsors—the Institution of Civil Engineers-jand the Federation of Civil Engineering Contractors—for use in works of civil engineering- construction. This third edition supersedes the second edition published in 1985.
